

**Jerry Jones**  
**Lemon Grove City Council Member**

Lemon Grove needs an effective, experienced, informed, and approachable Mayor with the time to bring community, business and Council together, for a safer, cleaner and sustainable city.

I helped lead the Lemon Grove through the 2009 Recession. I was a member of the Council that left a balanced budget and 43% reserves to a new Mayor and Council in 2016. Four years later, we find ourselves with multi-year deficits and dwindling reserves.

Budget cuts and discontinued services are evident all over town. The city looks shabby, needs cleaning and people feel unsafe. Law enforcement has been compromised with unnecessary budget cuts. We had reserves to cover this and I voted against the cuts.

As mayor I will prioritize more law enforcement and public works, cleaning up our town, addressing homelessness, and attracting new business. I will roll up my sleeves and open communication with business, reduce red tape, work with regional leaders on homeless solutions, and set up regular town hall meetings, just to start.

I am a 40-year resident, homeowner, retired businessman, volunteer, and public servant. Cheryl and I raised our family here.
