Recommendation:

Staff recommends that the City Council:

- 1) Discuss the draft Tobacco Retailer Licensing Program provisions and draft ordinance, and
- 2) Advise staff regarding the provisions.

Item Summary:

At the May 9, 2017 City Council Goal Setting Workshop, the City Council identified the implementation of a Tobacco Retailer Licensing Program as one of their top priorities in addressing public safety and improving quality of life for Lemon Grove residents. In accordance with this directive, staff has begun the process of researching and creating a Tobacco Retailer Licensing Program for the City. Staff's report (**Attachment A**) includes background information on state and local Tobacco Retail Licensing Programs, tobacco use information, an overview of regulations from San Diego County jurisdictions, program provisions, a proposed timeline, implementation plan and program cost. **Attachment B** includes proposed Ordinance text.

Feedback from the City Council on the draft program provisions, timeline and implementation is requested for staff to move forward.

Fiscal Impact:

The Tobacco Retailer Licensing Program will include a fee structure that will cover the cost of license administration and yearly compliance checks by the San Diego County Sheriff's Department. The City was recently awarded \$46,071.00 in grant funding from the California Department of Justice for program administration and enforcement costs for 2018 – 2020.

Item Title: Tobacco Retailer Licensing Program Update

Staff Contact: Miranda Evans, Management Analyst

Background:

At the May 9, 2017 City Council Goal Setting Workshop, the City Council identified the implementation of a Tobacco Retailer Licensing Program as one of their top priorities in addressing public safety and improving quality of life for Lemon Grove residents. In accordance with this directive, staff has begun the process of researching and creating a Tobacco Retailer Licensing (TRL) Program for the City. Feedback from the City Council on the draft program provisions, timeline and implementation is requested for staff to move forward and return to the City Council at a later date with a draft ordinance for introduction consideration.

As of January 1, 2017, all tobacco retailers are required to apply for a retail license with the state of California for a fee of \$265. The fee must be paid and the license renewed on an annual basis. All retailers selling tobacco products (**Attachment B**), including those selling e-cigarettes only, must participate in the licensing program. Prior to this legislation, the state's licensing requirements only applied to retailers selling traditional tobacco and required a one-time \$100 fee. The state's tobacco retail licensing program is primarily intended to target and fund the enforcement of cigarette tax evasion and black market sales. The state's program does not fund enforcement of minimum age to purchase and does not include any provisions to further regulate tobacco sales.

Although the state requires a license to sell tobacco products, the state licensing law is not designed to reduce illegal sales to minors by retailers. To meet that need, over 120 California cities and counties have adopted local TRL programs in addition to the State's licensing requirement. This special license is issued by a city or county to a business selling tobacco products and is aimed at ensuring that licensees are aware of certain eligibility requirements and performance standards.

At the March 6, 2018 City Council meeting, staff presented an overview of Tobacco Retailer Licensing proposed provisions. Staff is returning with a draft of the Ordinance for the City Council to discuss and give comments to staff prior to the public outreach.

Discussion:

In the United States, over 480,000 people die from tobacco-related diseases every year¹, making tobacco use the nation's leading cause of preventable death. Cigarettes and other tobacco product sales are very lucrative and are usually the top items sold in convenience stores. According to data from the National Association of Convenience Stores, the average convenience store nationwide generated over \$600,000 in sales from cigarettes alone, accounting for roughly 36% of all sales in those stores in 2016. While cigarette sales continue to decrease, the use of other tobacco products (especially e-cigarettes) is steadily increasing among youth due to product innovation and the shift from combustible tobacco products to other forms of tobacco.

¹ United States Department of Health and Human Services Surgeon General 2015 Report.

Tobacco Troubles

E-cigarette use among U.S. youth and young adults is now a major public health concern. E-cigarette use has increased considerably in recent years, growing an astounding 900% among high school students from 2011 to 2015. These products are now the most commonly used form of tobacco among youth in the United States, surpassing conventional tobacco products, such as cigarettes, cigars, chewing tobacco, and hookahs.² It is notable that hookah lounges are prohibited in the City.

Local data from the California Healthy Kids Survey of 7th graders in Lemon Grove School District³ revealed that 5% of seventh graders tried electronic smoking devices. Although there are no high school districts in Lemon Grove, available data indicates that among East County 11th grade students, 4% smoked cigarettes in the past 30 days and 11% used e-cigarettes in the past 30 days. 60% of these students believe cigarettes are “fairly easy/very easy to obtain.” According to the Centers for Disease Control, nearly 9 out of 10 smokers started smoking and began their tobacco addiction by age 18.

At this time, Lemon Grove has approximately 31 tobacco retailers⁴ from a variety of retail uses including, but not limited to, convenience stores and gas stations, grocery stores, smoke shops and liquor stores. The City has a high concentration of tobacco sales establishments within the Broadway commercial corridor, but a low concentration in the remaining areas of the City. While the California statewide average for sales to youth is 10.3%, Lemon Grove’s sales rates have historically been significantly higher.

According to Youth Tobacco Purchase Surveys conducted by Community Action Service & Advocacy (CASA), survey findings revealed that in 2014, 39% of tobacco retailers in Lemon Grove sold tobacco products illegally to youth, including e-cigarettes. In 2015, 41% made illegal sales using the same survey protocol. These results were despite retailer education visits to each store conducted one to two weeks prior to each of these surveys.

As of June 9, 2016, individuals must now be at least 21 years old to purchase any tobacco products, including e-cigarettes. The only exception to this rule is for active duty military personnel who may purchase such products if they are 18 years old and have military identification. Following adoption of Tobacco21, a young adult tobacco purchase survey was conducted in Lemon Grove during April 2017. Also prior to that survey, retailer education materials were hand-delivered to all stores in the City. Even so, 31% of stores still sold tobacco products, both cigarettes and e-cigarettes, illegally to youth surveyors under 21 years of age.

San Diego County Jurisdiction Regulations

In San Diego County, the following five cities currently have TRL ordinances in place: El Cajon (2004), San Diego (2007), San Marcos (2016), Solana Beach (2009) and Vista (2005). Of the five cities, El Cajon, San Marcos and Vista are considered by tobacco control organizations to be the most effective due to their regular compliance checks. Compliance checks must review the following: existing tobacco laws regulating underage sales, compliance with identification and signage requirements in accordance with the STAKE Act and prohibiting sales of drug paraphernalia (as defined by state law). An overview of the program details for each San Diego

County jurisdiction with an adopted ordinance are outlined in the matrix on the following page. Additional program details will also be included in Staff's subsequent report.

Program Provisions

20 years of research throughout California reveals that effective TRL Programs have annual fees adequate to support all program costs and require annual compliance checks. In addition, some ordinances include additional retailer incentives for those with exemplary performance during annual compliance checks. Violations, documented illegal sales to minors, result in fines and penalties such as mandated periods of license suspension, up to and including the revocation of their license to sell tobacco products.

Staff recommends the City Council pursue an effective, research-based TRL ordinance with the addition of incentives for retailers with exemplary performance. Such an ordinance offers retailers who comply with licensing requirements and pass compliance checks discounts on their annual TRL license fee. For example, fee reductions may result from compliance with the following items: no tobacco violations on the previous year's compliance check, no tobacco advertising on store windows or doors, electronic age verification at the point of sale, compliance with state-required age of sale signage at each point of sale and employee tobacco retailing education programs. Under this model, penalties for violations may include fines in lieu of license suspensions that are much more costly to the business, but with revocations for multi-year repeat offenders. Should a license be suspended or revoked, the ordinance will set forth an appeal process to allow for an impartial review.

This approach is modeled after the City of Vista's ordinance that has been in place for over a decade. This model, later adopted by San Marcos in 2016, was created to lower youth smoking rates, reduce youth access to tobacco, educate the community on the issues of illegal tobacco sales to youth and help create a safer and healthier environment. Prior to the adoption of Vista's ordinance, the youth sales rate was 39%. This figure decreased significantly to 1.9% following the adoption of their ordinance⁵.

Proposed Timeline and Implementation Plan

Staff has updated the timeline below from what was originally presented to Council in Spring 2018.

- March – April 2018: Using feedback obtained from the March 6, 2018 City Council meeting, staff will draft the TRL ordinance.
- March 20, 2018: Staff will return to the City Council with the grant project proposal and application for Proposition 56 grant funding. The grant submittal deadline is March 23, 2018.
- August 2018: Staff will return to present a draft of the ordinance to the City Council.
- August - October 2018: Staff will begin the public outreach plan to educate the community and tobacco stakeholders.
- September – October 2018: Two community meetings are planned to allow a constructive venue for the public to ask questions, share concerns and provide input regarding the proposed TRL program. Meeting times will be staggered with one meeting in the morning and one during the evening to accommodate different schedules.
- September – October 2018: Letters will be sent out to all Lemon Grove tobacco industry stakeholders including local tobacco business owners and managers (approximately 31 retailers) to invite them to a separate industry specific meeting. They will also be invited to attend the two community meetings.
- October 2018: Staff will present a summary of the community outreach results and will introduce the ordinance to the City Council.
- November 2018: Staff will present the ordinance to City Council for its second reading.
- December 2018: TRL Program implementation can begin with the business license renewal process. Tobacco Retail Licenses will be required in addition to the required City Business License.

TRL Draft Ordinance

The language of the attached Draft Ordinance adds the requirement for a Tobacco Retail License to the Lemon Grove Municipal Code. The proposed ordinance is based in large part on the successful program in the Cities of Vista and of San Marcos.

This ordinance requires all sellers of tobacco and smoking products to obtain a City license annually using a process that is similar to the regular business license process. It requires businesses selling tobacco products to obtain an annual TRL by December 31, 2019 for the 2020 calendar year. Licenses would need to be renewed each year. The core of the program is the annual compliance check conducted by the San Diego Sheriff's Department with retailer

⁵ September 2013 data from the Cater for Tobacco Policy & Organizing

education and assistance from CASA. Checks from the San Diego Sheriff's Department will review the following:

- Existing tobacco laws regulating underage sales
- Compliance with the STAKE Act (identification and signage requirements)
- Prohibiting sales of drug paraphernalia.

Penalties for violations:

If during the annual compliance checks any retailer is found to be in violation of this ordinance, the penalties are as follows:

- 1st violation within 5 years results in a warning and a requirement to train employees within 60 days.
- 2nd violation within 5 years is a suspension of up to 30 days.
- 3rd violation within 5 years is up to a 90-day suspension.
- 4th violation within 5 years is a suspension of up to 12 months.
- 5th violation within 5 years may result in the revocation of the license.

Should a license be suspended or revoked, the proposed ordinance sets forth an appeal process for the retailer that allows for a review by an impartial hearing officer. Any violation(s) found during the annual compliance check will automatically result in the rescinding of any discounts, and the full license fee will be charged.

Drug paraphernalia sales prohibited as a license condition:

Stores that sell drug paraphernalia sometimes sell tobacco products, and those retailers often claim that the paraphernalia is for the use of tobacco in order to get around state law that prohibits its sale. This ordinance requires that the retailer comply with all state laws relating to drug paraphernalia as a condition of the license. As a result, if a compliance check reveals that retailer is selling items constituting drug paraphernalia (as defined by state law), the retailer is violating the local license, which can then be suspended or revoked. Drug control organizations believe this addition to a tobacco retailer license can be a very effective tool to fight substance abuse in communities.

Fiscal impact and building in fees:

As with the other five San Diego County jurisdictions with a TRL Program, Lemon Grove's program will be created with a self-sustaining license fee that will completely cover the cost of the program administration and enforcement costs incurred by the San Diego County Sheriff's Department Lemon Grove Substation. Staff anticipates TRL costs to be similar to the City of San Marcos and the City of Vista, ranging between \$189.50 - \$250, and will return with a fee estimate that will cover the administration of the license and enforcement through yearly compliance checks. The goal is to provide a discount that incentivizes compliance, but still allows the City to cover all of the direct costs paid to the Sheriff's Department for inspections. It is essential that the fee structure stay within the confines of Proposition 26 which mandates that the City cannot recover more revenue than the cost of implementing the program.

Proposition 56 grant funding award:

In November 2016, California voters approved Proposition 56 which increased the excise tax for tobacco products sold in the State. Thirty million dollars of the projected annual revenue is to be distributed annually to local law enforcement agencies through a grant program to support enforcement of certain state and local tobacco laws. In January 2018, staff became aware of this opportunity and identified it as an implementation measure for the proposed TRL Program. In accordance with the State Budget Act and Proposition 56, the grant program guidelines require that only local law enforcement agencies within the State of California are eligible to receive funds. As such, only local agencies with enforcement authority for tobacco-related state laws may apply. However, City staff prepared and submitted a joint-award application with the Sheriff's Department and was successful in the application.

The City was awarded a total of \$46,071.00 to fund the administration and enforcement of the TRL Program. This funding is provided through June 2020 and is a crucial component of the start-up costs of the program. The core components of the program in its infancy are 1) start-up of the program including public outreach, program implementation including form creation, interagency-coordination with the Sheriff's Department and CASA and 2) enforcement costs from yearly compliance checks performed by law enforcement.

As a part of the grant award, CASA will develop and produce an implementation case study for small jurisdictions. The case study will provide background of the jurisdiction and problem statement utilizing the data derived from multiple youth/young adult purchase surveys. It will also discuss strategies for small jurisdictions to identify constituents, allies and opponents as well as tactics to educate the community and build organizational support. The Case Study will also address various policy considerations for other small jurisdictions interested in pursuing a Tobacco Retailer Licensing Ordinance. The Case Study will also include pre-and post-ordinance data documenting the reductions in illegal sales to people under age 21 years old.

License fee and discounts for compliance:

Under California law, the cost of the license may not exceed the cost to issue the license, carry out annual inspections, or any other associated costs. The City estimates that the cost of inspections, processing the license, and other administrative costs will be approximately \$250 per license. As a result, the fee for 2019 will also be approximately \$250. This fee will be reviewed in 2020 to make sure that it continues to match the salaries and administrative processing costs, as well as the time spent per license. Upon introduction of the Ordinance, staff will include an accompanying resolution which states that the fee will be adjusted up or down in accordance with state law.

Starting the second year of the license, eligible retailers will receive a reduction in their annual fee if no violations are found during the annual compliance check. Additionally, fee reductions will be available if the retailer has a magnetic strip reader to verify age, conducts regular staff training and/or has no tobacco advertising on store windows or doors. No discounts will be available the first year, but will be available the following year after the retailer has been through at least one compliance check.

The proposed amount for each discount beginning in year two of the program will be \$20 (about 8% percent of the 2019 proposed license cost). The goal is to provide a discount that incentivizes compliance, but still allows the city to cover all of the direct costs paid to the Sheriff's Department for inspections. Due to the nature of the grant funding, the license fee and discount for good-actors will need to be revisited after the award cycle ends in June 2020. This proposed fee structure allows for more time spent on set-up and enforcement in 2019 and 2020. Staff recommends that after the grant completion that the CASA case study is reviewed and fees are

revisited to assess if the program is sustainable without grant funding. Staff will also look for additional grant funding opportunities.

Public Information:

A public outreach plan will be implemented during the public information phase of this project. Public outreach will include the following communication methods through various platforms and will occur as outlined in the proposed project timeline.

- Update of information and project announcement on the City's website homepage and tobacco retailer information subpage,
- News release and social media information campaign on Facebook, Instagram and Twitter,
- East County Californian notice,
- Individual letters sent to each Lemon Grove tobacco retailer, and
- Coordination with the San Diego County Sheriff's Lemon Grove Substation.

In addition to sharing information through the above mentioned methods, three community meetings are planned as detailed in the proposed project timeline.

Conclusion:

Staff recommends that the City Council discuss the draft Tobacco Retailer Licensing Program provisions and draft Ordinance and advise staff.

No Tobacco Retail License will be issued to an authorized Tobacco Retailing at other than a fixed location. No License will be issued for itinerant Tobacco Retailing or Tobacco Retailing from vehicles.

B. Nothing in this Chapter shall be construed to grant any person obtaining a Tobacco Retail License any status or right other than the right to act as a Tobacco Retailer at the location in the City identified on the face of the License, subject to compliance with all other applicable laws, regulations, and ordinances. Nothing in this Chapter shall be construed to render inapplicable, supersede, or apply in lieu of any other provision of applicable law, including, without limitation, any condition or limitation on indoor smoking made applicable to business establishments by Labor Code Section 6404.5.

C. No person who is younger than the minimum age established by California law for the purchase or possession of Tobacco Products shall engage in Tobacco Retailing.

Applications Procedure

A. Application for a Tobacco Retail License shall be submitted to the City in the name of each Proprietor proposing to conduct Tobacco Retailing and shall be signed by each Proprietor or an authorized agent thereof. A Proprietor proposing to conduct Tobacco Retailing at more than one location shall submit a separate application for each location.

B. All applications shall be submitted on a form supplied by the City and shall contain the following information:

1. The name, address, and telephone number of each Proprietor.
2. The business name, address and telephone number of the fixed location for which a Tobacco Retail License is sought.
3. The name and mailing address authorized by each applicant to receive all License-related communications and notices (the "authorized address"). Failure to supply an authorized address shall be understood to consent to the provision of notice at the business address specified in paragraph 2, above.
4. Whether or not any applicant has previously been issued a License pursuant to this Chapter that is or was at any time suspended or revoked and, if so, the dates of the suspension period or the date of revocation.
5. Such other information as the City Manager deems necessary for the administration or enforcement of this Chapter.
6. Any and all additional requirements contained in a Tobacco Retail License application pursuant to this Municipal Code Section ***.

Issuance and Renewal License

A. Upon the receipt of an application for a Tobacco Retail License and the payment of a Tobacco

Retail License fee, the City shall issue a License unless:

1. The application is incomplete or inaccurate.
2. The application seeks authorization for tobacco retailing at an address that appears on a license that is suspended, has been revoked, or is subject to suspension or revocation proceedings for violation of any of the provisions of this chapter. Notwithstanding the foregoing, this subparagraph shall not constitute a basis for denial of a license if either or both of the following apply:
 - a) The applicant provides the City with documentation demonstrating that the applicant has acquired or is acquiring the premises or business in an arm's length transaction. For the purposes of this subparagraph, an "arm's length transaction" is defined as sale in good faith and for valuable consideration that reflects the fair market value in the open market between two informed and willing parties, neither under any compulsion to participate in the transaction. A sale between relatives, related companies or partners, or a sale for the primary purpose of avoiding the effect of the violations of this chapter that occurred at the location, is presumed not to be an "arm's length transaction."
 - b) It has been more than three years since the most recent License for that location was revoked.
3. The application seeks authorization for Tobacco Retailing by a Proprietor for which or whom a suspension is in effect or by a Proprietor which or who has had a license revoked, pursuant to this chapter.

4. The application seeks an authorization for Tobacco Retailing that is unlawful pursuant to this Chapter, or that is unlawful pursuant to any other local, state, or federal law.

5. The City has information that the applicant or his or her agents or employees have violated any local, state, or federal tobacco control law at the location for which the License or renewal of the License is sought within the preceding 30 day period.

6. The City has information that the applicant or his or her agent or employee has violated any local, State or Federal tobacco control law, including this Chapter, within the preceding (12) months.

7. The issuance of a Tobacco Retail License would be in conflict with any other City ordinance.

B. Beginning from the effective date of this Chapter, all Tobacco Retailers have until December 31, 2019 to obtain a License. An application to renew such License shall be made no later than 30 days prior, but no earlier than 60 days prior to the expiration of the License. The City has no obligation to issue notification of impending expiration of any License. The applicant shall follow all of the procedures and provide all of the information required by Section *** above. The City shall process the application according to the provisions of this section. A License may be renewed annually by submitting a Tobacco Retail License application to the City along with payment of a Tobacco Retail Licensing fee; provided, however, a Tobacco Retail License that is suspended, has been revoked, or is subject to suspension or revocation proceedings shall not be renewed.

C. If the information required in the License application pursuant to any subsection of Chapter 8.65 changes, a new Tobacco Retail License is required before the business may continue to act as a Tobacco Retailer. For example, if a Proprietor to whom a License has been issued changes business location, that Proprietor must apply for a new License prior to acting as a Tobacco Retailer at the new location. If the business is sold, the new owner must apply for a License for that location before acting as a Tobacco Retailer.

D. A Tobacco Retail License that is not timely renewed pursuant to this chapter shall be automatically suspended by operation of law. If not renewed, a license shall be automatically revoked six months after the renewal date. Additionally, civil, criminal and/or administrative citations may be issued during this interim period for failure to maintain the appropriate License. To reinstate the paid status of a License that has been suspended due to the failure to timely pay the renewal fee, the Tobacco Retailer must:

1. Submit the License renewal fee plus a reinstatement fee of ten percent of the License renewal fee; and

2. Submit a signed affidavit affirming that he or she has not sold any Tobacco Product or Tobacco Paraphernalia during the period the license was suspended for failure to pay the License renewal fee.

Display of License

Each license shall be prominently displayed in a publicly visible location at the licensed premises. Failure to properly display the license will result in the issuance of a citation.

License Fees

The fee for issuance or renewal of a Tobacco Retail License shall be established by resolution of the City Council and shall be in addition to the City's business license fee and any other license or permit fee imposed by this code upon the applicant. The Tobacco Retail License fee shall be paid to the City at the time the license application is submitted. The fee shall be calculated so as to recover the cost of administration and enforcement of this Chapter, including, for example, issuing a License, administering the License program, Tobacco Retailer education, Tobacco Retailer inspection and compliance checks, documentation of violations, and prosecution of violators, but shall not exceed the cost of the regulatory program authorized by this Chapter. All fees and interest upon proceeds of fees shall be used exclusively to fund the program. Fees are nonrefundable except as may be required by law.

Licenses Nontransferable & Convey a Limited, Conditional Privilege

A Tobacco Retail License is nontransferable and subject to the provisions of this Municipal Code Section. Nothing in this Chapter shall be construed to grant any person obtaining and maintaining a Tobacco Retailer License any status or right other than the limited conditional privilege to act as a Tobacco Retailer at the location within the City's jurisdictional boundaries identified on the face of the License, subject to compliance with the terms and conditions of this Chapter.

License Violation – Compliance Monitoring

A. It shall be a violation of a Tobacco Retail License for a Tobacco Retail Licensee or his or her agents or employees to violate any local, state or federal tobacco-related law.

B. It shall be a violation of this Chapter for any Tobacco Retail Licensee or any of the Licensee's agents or employees to violate any local, state, or federal law regulating controlled substances or Drug Paraphernalia including, but not limited to, California Health and Safety Code section 11364.7, as that section may be amended from time to time.

C. In addition to the provisions of this Municipal Code, compliance with this Chapter shall be monitored by the San Diego Sheriff's Department. Any peace officer or Municipal Code compliance official also may enforce this Chapter. The San Diego Sheriff's Department shall check compliance of each Tobacco Retailer at least one time per twelve (12) month period and shall conduct additional compliance checks as warranted. The compliance checks shall be conducted to determine, at a minimum, if the Tobacco Retailer is complying with tobacco laws regulating underage sales. The San Diego Sheriff's Department shall use youth decoys and comply with protocols for the compliance checks developed in consultation with the San Diego County Department of Health and Human Services and the San Diego District Attorney. When appropriate, the compliance checks shall determine compliance with other tobacco-related laws.

D. The City shall not enforce any tobacco related minimum age law against a person who otherwise might be in violation of such law because of a person's age (hereinafter "youth decoy") if the potential violation occurs when:

1. The youth decoy is participating in a compliance check supervised by a peace officer;
- or

2. The youth decoy is participating in a compliance check funded in part by the San Diego County Department of Health and Human Services or funded in part, either directly or indirectly through sub-contracting, by the California Department of Health Services.

3. The youth decoy has a letter of permission for such compliance check activity from the District Attorney's Office.

Suspension or Revocation of License

A. In addition to any other penalty authorized by law, and including the provisions of this Municipal Code, a Tobacco Retail License may be suspended or revoked if the City finds, after notice to the Tobacco Retail Licensee and opportunity to be heard, that the Tobacco Retail Licensee or his or her agents or employees has or have violated any of the provisions of this Chapter; provided, however, violations by a Licensee at one location may not be accumulated against other locations of that same Tobacco Retail Licensee, nor may violations accumulated against a prior tobacco retail licensee at a licensed location be accumulated against a new tobacco retail licensee at the same licensed location.

1. Upon a finding by the City of a first License violation within any five-year period, the City shall:

a) Issue a written warning to the Licensee.

b) Advise the Licensee of the penalties for further violations of this Chapter.

c) Require the Licensee to provide documentation to the City that all employees engaged in the Retail Sale of tobacco have received training in a City approved program within sixty (60) days after the warning, or such other time as shall be set by the City.

2. Upon a finding by the City of a second License violation within any five year period, the License may be suspended up to thirty (30) days.

3. Upon the finding by the City of a third License violation within any five year period, the license may be suspended for up to ninety (90) days.

4. Upon the finding by the City of a fourth License violation within any five year period, the License may be suspended for up to one (1) year.

5. Upon a finding by the City of a fifth License violation within any five year period, the License may be revoked.

B. A Tobacco Retail License shall be revoked if the City finds, after notice and opportunity to be heard, that any one of the conditions listed below exist. The revocation shall be without prejudice to the filing of a new application for a Tobacco Retail License.

1. One or more of the bases for denial of a Tobacco Retail License under Section 8.65.050 existed at the time the Tobacco Retail License application was made or at any time before the Tobacco Retail License was issued.

2. The application is incomplete for failure to provide the information required by Section 8.65.040.

3. The information contained in the application, including supplemental information, if any, is found to be false in any material respect.

4. The application seeks authorization for Tobacco Retailing that is unlawful pursuant to this Code, or that is unlawful pursuant to any other local, state, or federal law.

C. In the event the City suspends or revokes a Tobacco Retail License, written notice of the suspension or revocation shall be served upon the Tobacco Retail Licensee within five (5) days of the suspension or revocation in a manner prescribed in Section ***. The notice shall contain:

1. A brief statement of the specific grounds for such suspension or revocation;
2. A statement that the Tobacco Retail Licensee may appeal the suspension or revocation by submitting an appeal, in writing, in accordance with the provisions of Section ***, to the City, within ten (10) calendar days of the date of the service of the notice; and
3. A statement that the failure to appeal the notice of suspension or revocation will constitute a waiver of all rights to an administrative appeal hearing, and the suspension or revocation will be final.

Denial, Suspension and Revocation - Appeals

A. Any Tobacco Retail License applicant or licensee aggrieved by the decision of the City in denying, suspending, or revoking a Tobacco Retail License, may appeal the decision, by submitting a written appeal to the City Clerk within ten (10) calendar days from the date of service of the notice of denial, suspension, or revocation. The written appeal shall contain:

1. A brief statement in ordinary and concise language of the specific action protested, together with any material facts claimed to support the contentions of the appellant;
2. A brief statement in ordinary and concise language of the relief sought, and the reasons why it is claimed the protested action should be reversed or otherwise set aside;
3. The signatures of all parties named as appellants and their official mailing addresses; and
4. The verification (by declaration under penalty of perjury) of at least one appellant as to the truth of the matters stated in the appeal.

B. The appeal hearing shall be conducted by a hearing officer.

C. Upon receipt of any appeal filed pursuant to this section, the City Clerk shall transmit said appeal to the hearing officer who shall calendar it for a hearing. The hearing officer shall give the parties at least fifteen (15) calendar days written notice of the time and place of the hearing either by causing a copy of such notice to be delivered to the appellant personally or by mailing a copy thereof, postage prepaid, addressed to the appellant at the address shown on the appeal. Upon good cause, the hearing officer may grant one extension for the date of the hearing not to exceed fifteen (15) days from the original date set for the hearing.

D. Only those matters or issues specifically raised by the appellant in the notice of appeal shall be considered in the hearing of the appeal.

E. Failure of any person to file a timely appeal in accordance with the provisions of this section shall constitute an irrevocable waiver of the right to an administrative hearing and a final adjudication of the notice and order, or any portion thereof.

F. Following the hearing on the appeal by the hearing officer, the decision of the hearing officer may be appealed to the City Manager or his or her designee. A decision of the City Manager or his or her designee shall be the final decision of the City.

G. During a period of License suspension, the Tobacco Retail Licensee must remove from public view all Tobacco Products and Tobacco Paraphernalia at the address that appears on the suspended or revoked Tobacco Retail License.

A. At the time set for hearing, the hearing officer shall proceed to hear the testimony of material witnesses, the appellant, and other competent persons, including members of the public, respecting those matters or issues specifically listed by the appellant in the notice of appeal.

B. The proceedings at the hearing shall be electronically recorded. Either party may provide a certified shorthand reporter to maintain a record of the proceedings at the party's own expense.

C. The hearing officer may, upon the request of the appellant or upon the request of the City, grant continuances from time to time for good cause shown, or upon his or her own motion.

Conduct of Hearing

B. Oral evidence shall be taken only upon oath or affirmation.

C. Irrelevant and unduly repetitious evidence shall be excluded.

E. In reaching a decision, official notice may be taken, either before or after submission of the case for decision, of any fact that may be judicially noticed by the courts of this state or that may appear in any of the official records of the City of any of its departments.

Form and Contents of Decision of Hearing Officer - Appeal to City Manager - Finality of Decision

A. If it is shown, by a preponderance of the evidence, that one or more bases exist to deny, suspend, or revoke the Tobacco Retail License, the hearing officer shall affirm the City's decision to deny, suspend, or revoke the Tobacco Retail License. The decision of the hearing officer shall be in writing and shall contain findings of fact and a determination of the issues presented.

B. The decision of the hearing officer shall inform the appellant that the decision may be appealed to the City Manager by filing a written appeal with the hearing officer within ten days of receipt of the decision of the hearing officer. The City Council hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause, or phrase thereof irrespective of the fact that any one or more subsections, subdivisions, paragraphs, sentences, clauses, or phrases be declared unconstitutional, or invalid, or ineffective.

Friends and Neighbors of Palm Street and adjoining streets...

Recently the City of Lemon Grove decided to paint each corner up to 90ft in Red Curbs No Parking zones mostly on the north side of Palm between Skyline/Kemp and Golden Ave.

In doing so a huge percentage of parking has been eliminated. In some cases taking parking completely away from some homes.

The safety concerns this painting has now caused is now most of the people parking now have to cross a very wide street putting pedestrians at risk trying to get to their vehicle. Not only that but now we have to impose on south side and side roads to use parking in front of their homes.

We understand the need for safety but the standard the city is using is the Calif Highway Code which is not designed for residential areas but for HIGHWAY SPEEDS starting as high as 55 TO 70 mph...

We believe a 10, 15 or maximum 20 ft red curb would serve all safety and parking needs and concerns.

We are asking the city to Reevaluate the current red curbs and paint the corners only red with in the standards 10 to 20 ft. Usually used in a residential area.....
