

Fiscal Year 2021-2022 Consolidated Operating & Capital Budget

BUDGET BOOK FY 2021 - 2022

This budget document serves a myriad of purposes. Most important is its use as a communications device. The budget presents the public an opportunity to review the types of services and level of service provided within the constraints of the City's finances. The allocation of financial resources translates into what services will be provided to the community. As community needs and demands for service change, the allocation of resources should respond accordingly. Therefore, this document attempts to communicate financial information to allow for an informed citizenry.

WELCOME TO OUR CITY

Just a few miles east of San Diego lies the community of Lemon Grove, a diverse mix of more than 27,000 residents who enjoy all the charm of small-town living with the conveniences of big city proximity. The City of Lemon Grove was incorporated in 1977 officially becoming California's 414th municipality on July 1, 1977.

Now in its 44th year of service, Lemon Grove leadership is working harder than ever to secure a stable future for the City.

ABOUT LEMON GROVE, CA

The Big Lemon Monument (photographed above in the 1950s) has been the City's iconic symbol for 90 years.

The history of Lemon Grove predates incorporation back to 1869 when Robert Allison purchased a portion of Rancho Mission San Diego and became the City's first resident. A rail line was extended from San Diego to Lemon Grove in 1890, and the production of citrus and berry crops boomed in the warm, temperate climate.

The community's first subdivision was later built in 1892 which resulted in 15 - 20 structures constructed. The center of town developed along the rail lines and included a small rail depot and the first general store, which also housed the post office and a school. Still known for its near-perfect climate, Lemon Grove residents relish the City's diverse housing options for owners and renters, strong schools, local parks, and an eclectic blend of shopping and dining offerings. In fact, the City has seen a recent uptick in new families moving to Lemon Grove thanks to these very amenities. Lemon Grove is proud to be a welcoming home to a diverse mix of residents. The City's demographics are outlined

The Big Lemon Monument celebrated its 90th birthday on July 4, 2018 with a celebration and new look.

THE LEMON GROVE CITY COUNCIL

The City of Lemon Grove is a Council-Manager form of government. This is the system of local government that combines the strong political leadership of elected officials in the form of a City Council with the strong managerial experience of an appointed City Manager.

The Honorable Racquel Vasquez is Mayor of Lemon Grove. On December 20, 2016 she was sworn in as Mayor for the City quickly earning praise and recognition as the first African American female Mayor in San Diego County. Mayor Vasquez won re-election for another four year term in the November 2020 election.

Also comprising the City Council are Mayor Pro Tem Jerry Jones, Councilmember Jennifer Mendoza, Councilmember George Gastil, and Councilmenber Liana LeBaron. Mayor Pro Tem Jerry Jones was first elected to the City Council on March 5, 2002 and has continued to run for re-election over the past 20 years. Councilmember Jennifer Mendoza was elected to the City Council in November 2014 and relected in November 2018. Councilmembers Gastil and LeBaron were elected to City Council in November 2020.

Councilmember Liana LeBaron

HOUSING

Housing in Lemon Grove is priced competitively and located conveniently. Located just nine miles east of downtown San Diego and four miles south of San Diego State University, Lemon Grove is strategically situated between two major economic hubs.

In recent years, Lemon Grove has been enjoying an infusion of new families moving into the community. Housing is readily available to buyers and renters alike. The City's housing and occupancy profile is shown below.

The 84-market-rate-unit Celsius development (above) was recently completed in Spring 2017. Celsius is the largest market-rate apartment project in Lemon Grove in a decade.

Shown above are two different floor plans from the Valencia Hills Development on the southern end of the City. Valencia Hills consists of 73 new single family homes and was completed in 2016.

LAND USE AND TRANSPORTATION

The City of Lemon Grove today is characterized by a well-established land use pattern. The commercial and industrial areas are primarily located along Broadway and Federal Boulevard in the northern part of the City. The traditional downtown near Broadway and Lemon Grove Avenue provides shopping opportunities primarily oriented to residents and local workers. Commercial activity extends southward along Lemon Grove Avenue as well. The Big Lemon Monument, the world famous 90-year-old 3,000-pound lemon, sits prominently downtown, and recalls images of the community's industrious spirit and agricultural roots. Moreover, many buildings from Lemon Grove's early days still stand and provide a connection to the community's historic ori-

The historic lemon monument sits in the center of town at the southwest corner of Broadway and Lemon Grove Avenue. The Lemon touts the title as the only giant fruit in America next to a mass transit line. The MTS Orange Trolley Line bisects the eastern and western portions of the Broadway business corridor. Pictured above are the Lemon Grove Deli (left, 7860 Broadway) and the Lemon Grove Bakery (right, 3308 Main Street).

Lemon Grove is a transit-oriented community with convenient proximity to public transportation. The City has two trolley stations along the MTS Orange Line, 26 MTS bus stops and is bordered to the north by State Route 94 (SR-94) and the east by State Route 125 (SR-125) which allows for easy access to nearby destinations.

COMMUNITY LIFE

The City of Lemon Grove is committed to providing residents with top-quality services. Among these services is the maintenance and care of eight smoke and alcohol-free public parks (listed on page 10) for the enjoyment of residents and visitors. Parks provide diverse opportunities for physical activity and relaxation as well as a space for social gatherings and informal social interaction.

The City provides ample opportunities for community involvement. From the adopt-a-park program to engaging with the City on its four social media platforms, Lemon Grove offers plenty of hands-on and virtual opportunities for community connection.

Ample opportunities for involvement in the Lemon Grove community are available. Interested volunteers can participate in community clean-ups to help beautify streets and parks, enjoy public art events, participate in the kindness movement (#LGKindnessKounts) and more. Follow the City on its social media platforms for details on how to get involved and enjoy Lemon Grove community life.

LOCAL SCHOOLS

Student achievement is of the utmost importance in Lemon Grove School District. Keeping in line with the City's slogan of 'Best Climate

on Earth', the School District touts the tagline of 'Best School District on Earth'. The District, led by Superintendent Erica Balakian, is comprised of five elementary schools and one middle school. When middle school students matriculate, they attend high school in neighboring Grossmont Union High School District.

Elementary Schools: Lemon Grove Academy, Monterey Heights Elementary School, Mount Vernon Elementary School, San Altos Elementary School and San Miguel Elementary School

Middle School: Lemon Grove Academy of Science and Humanities (grades 7-8)

The governing body of Lemon Grove School District is the five member, voter elected Board of Education. The Lemon Grove City Council and the School Board are actively collaborating to best serve the residents of Lemon Grove.

CITY EVENTS

A handful of special events in Lemon Grove have become community traditions that generations of residents enjoy annually. These events are supported by the generous donations from City sponsors in the local business community. To become a sponsor, contact 619-825-3815.

Below: The 2017 Bonfire was the largest in history with over 5,000 people enjoying the event.

Above: Suspicious Minds, an Elvis Tribue Band, performs at the 2018 concert series.

Due to public health orders restricting gatherings in order to prevent the spread of COVID-19, the City's special events are postponed for the time being. If the public health orders are lifted, the events listed below may take place over the coming year.

Summer Concerts in the Park: Beginning in the end of June every year, the City hosts a concert series with a variety of musical genres to enjoy. Traditionally, concerts are held on Thursday evenings at Berry Street Park beginning at 6:30 p.m.

Community Bonfire: For the last 21 years, the first Friday in December brings with it the annual Lemon Grove Community Bonfire. Live entertainment, activities for children, hayrides, seasonal treats and community camaraderie make the beloved event a success year after year.

Eggstravaganza: In a secular celebration of spring and Easter, the City hosts an annual Extravaganza Egg Hunt for the community.

Family Art Festival: In partnership with the Lemon Grove Branch of the San Diego County Library, an annual art festival is held each spring with a week of free art activities. Past years included painting a community mural on the Community Center and a chalk mural on School Lane.

GENERAL CITY INFORMATION

- Lemon Grove is called home by approximately 27,208 people. (SANDAG 2019 Estimates)

- The City has a Council-Manager form of government with the Mayor and other City Councilmembers elected at large for four-year terms.

School District: Lemon Grove School District,
 Superintendent Erica Balakian

- Community Buildings: City Hall and Lemon Grove San Diego Sheriff's Substation, Lemon Grove Community Center, Recreation Center, Lemon Grove Senior Center and Lemon Blossom Hall, H. Lee House and Parsonage Museum

- City Parks: Berry Street Park, Civic Center Park, Firefighters Skatepark, Kunkel Park, Lemon Grove Park, Main Street Promenade Linear Park, Monterey Heights Park, and Veteran's Park

- The median annual household income is approximately \$68,282. (2018 dollars, SANDAG 2019 Estimates)

- The median age of Lemon Grove residents is 33.8 years. (SANDAG 2019 Estimates)

Office of the City Manager

June 2021

Honorable Mayor and Members of the City Council:

On behalf of City staff, I present the Fiscal Year 2021-22 Budget for the City of Lemon Grove for your review and approval. The City is emerging from a challenging year due to the pandemic and austere expenditure cuts into a brighter future and stronger financial position. The proposed FY 2021-22 budget totals \$39,940,477 of expenditures, with \$16,832,886 of that amount designated from the General Fund. The annual budget serves as a financial road map for the upcoming year, reflecting the City Council's priorities. The FY 2021-22 consolidated budget book contains a new section for the first time in City history, a five year Capital Improvement Plan (CIP). The CIP is spilt into two sections, general City projects and Sanitation District projects.

On May 18, 2021 the City Council of Lemon Grove set the strategic priorities for Fiscal Year 2021-22 to be public streets & sidewalks, homelessness, community life, diversifying city revenue and economic development, and public safety. These priorities reflect the continued commitment to improve the physical and service environment in Lemon Grove. A detailed list of the FY 2021-22 priorities can be found on page 11 of this budget book. To the extent possible, all aspects of the proposed budget for FY 2021-22 are designed to address these priorities.

The General Fund budget does project operating expenditures will exceed operating revenue by a small amount. The City of Lemon Grove will provide city services by drawing down General Fund reserves if the anticipated deficit comes to pass. As elected officials and City staff, it is our fiduciary responsibility to strive to balance annual operating revenue and expenditures and maintain a safety net of reserves for the future. The City's General Fund reserve is at a healthy level, the estimated deficit is small, and City Council and staff are continuing to work on longer term revenue generating solutions to solve the structural deficit. Therefore, it is fiscally sound to use reserves as a short-term solution.

Although General Fund operating revenue is estimated to be less than annual operating expenditures, there are two bright spots in the upcoming fiscal year, the receipt of \$1.5M of one-time money and the yet to be determined one-time funding from the federal American Rescue Plan Act. The General Fund budget allocates the \$1.5 million of one-time money between City Council's FY 2021-22 priorities, pressing capital improvement projects, and investment in the City's 115 Trust for future pension obligations. In recognition that the City has local streets that need considerable rehabilitation, the City Council allocated \$350,000 to treat

3232 Main Street * Lemon Grove * California 91945-1705

Office of the City Manager

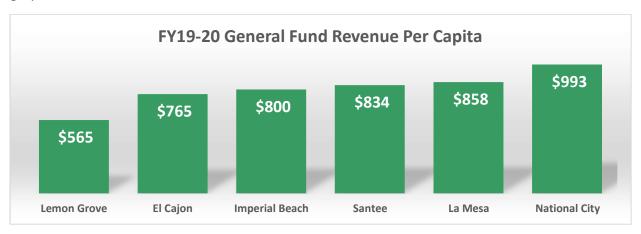

streets that have been overlooked in the past. The \$350,000 in combination with the annual road paving funded from the Gas Tax and TransNet funds will make the FY 2021-22 Road Rehabilitation Project the largest in City history.

FINANCIAL OVERVIEW

General Fund

The General Fund is the City's main operating fund, where 42% of the City's financial activity takes place. The General Fund receives most of its revenue from sales taxes and property taxes, both of which are estimated to experience growth between FY 2020-21 and FY 2021-22. Overall, General Fund revenue is projected to be 2.5% higher in FY 2021-22 than the previous fiscal year.

While revenue growth is good news, the City has a structural deficit, where revenue growth is out-paced by expenditure growth. It is important to note that the structural deficit was not caused by a spending problem nor budgetary mismanagement. Lemon Grove provides our resident's with municipal services at a much lower cost per capita than our neighboring cities and nearby cities of a similar size. The root of the problem is that Lemon Grove receives significantly less General Fund revenue per resident than neighboring cities, illustrated by the graph below.

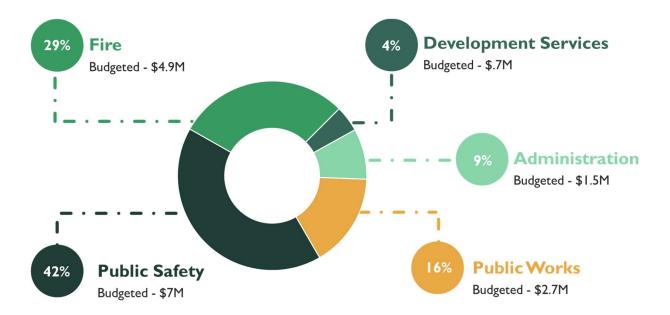

The General Fund expenditure growth has been due to contractual obligations for law enforcement with the San Diego County Sheriff's Department, the labor contract with the Lemon Grove Fire Association, pension obligations to CalPERS due to the lowering of the investment rate of return, and for general consumer price index (CPI) increases in most vendor contracts.

Office of the City Manager

In FY 2020-21 the City made austere expenditure cuts to General Fund services to manage revenue loss caused by the pandemic in combination with the structural deficit. With the City reopening for business and City voters approving a new revenue source, the Cannabis Business Tax, the picture is looking brighter for FY 2021-22 and beyond. The General Fund budget reinstates almost all cuts that were made for FY 2020-21.

The proposed General Fund expenditure budgets by department are shown in chart below. Law Enforcement, Animal Control, and Fire, the public safety services the City provides, represents 71% of total General Fund expenditures. Administration includes City Council, City Manager, City Attorney, Human Resources, City Clerk, Finance, and Non-Departmental expenditures.

In sum, the General Fund budget reflects \$15.9 million in revenue, \$16.8 million in expenditures, and an operating deficit of \$149,081. If the deficit occurs, at the end of FY 2021-22 the General Fund Unrestricted Reserve will be about \$5.9M, maintaining a balance above 25% of General Fund operating expenditures and preserving a safety net for the future.

Special Revenue Funds

Special revenue funds are detailed in the fund listing section of the budget. They include gas tax, park land dedication, supplemental law enforcement, grants, transportation development act,

3232 Main Street * Lemon Grove * California 91945-1705

Office of the City Manager

lighting district, TransNet, integrated waste reduction, Wildflower assessment district, serious traffic offender program, storm water program, regional transportation congestion improvement program, public education governmental access, capital equipment, and Main Street Promenade community facilities district. These are all restricted in what programs and activities they can fund and are not available for General Fund use. They do, however, contribute to the General Fund through charges for services supplied by General Fund departments and divisions based on the formal cost allocation plan.

The largest project paid for from the special revenue funds is the annual road rehabilitation project, or street repaving program, which is funded through Gas Tax and TransNet. Due to SB1, the City will receive a significant amount of funding for street improvements. Between the funding from the Gas Tax and from TransNet, there will be around \$1 million available for the City's FY 2021-22 road rehabilitation project.

Separate Entity Budgets

Sanitation District

Although included in the consolidated budget, the four sanitation related funds represent a separate entity, the Lemon Grove Sanitation District. The City of Lemon Grove Councilmembers also serve as the governing board of the Sanitation District. The Sanitation District runs as an enterprise fund, so called because it operates in its own bubble in which the revenue for the service provided should equal the cost of providing the service. In this case, the enterprise is the conveyance and treatment of wastewater within the City of Lemon Grove.

For the FY 2021-22 Sanitation Budget, operations remain similar to prior years, with a 14% increase in the cost of wastewater treatment and approximately \$5.9 million in capital projects to replace portions of the 67 miles of sewer lines the District maintains. On June 1, 2021 the Sanitation District Board adopted a FY 2021-22 sanitation rate increase of 2.875% to fund the expenditure increases mentioned above.

Successor Agency

On February 1, 2012, the City of Lemon Grove assumed the role of the Successor Agency to the former Community Development Agency, taking responsibility for winding down the Redevelopment Agency's operations and liquidating its assets. All financial activity related to the Successor Agency is reflected in the Fund 60/64 budget. The City is responsible for paying annual debt service on the former redevelopment Agency's bonds. In FY 2021-22, the debt service

Office of the City Manager

payments will total approximately \$1.5 million. The State of California's Department of Finance through the County of San Diego, distributes bi-annual reimbursement to the City to cover the Successor Agency debt service.

Conclusion

The City Council continues to face difficult decisions. Often the hard part of governing comes when constituents express concerns that they want more services while the City does not have the resources to accommodate existing services, let alone added services. It is a fact of life that constituents will often be single issue oriented when viewing a budget that must address a wide variety of municipal needs.

We continue to endeavor toward financial and economic sustainability and stability. Staff is committed to pursuing additional cost saving and revenue generating projects throughout the year. Budgeting is a process of estimation and projection. As the fiscal year progresses, the budget will be revised through adjustments and the mid-year update to more accurately anticipate the General Fund deficit.

In closing, I would like to express my appreciation to the City Council for providing the leadership and direction in preparation of this budget. My personal thanks goes to the City's Executive team and all City staff that continue to take City's fiscal stress to heart and worked to propose a bare bones operations budget. Special recognition and my sincerest appreciation goes out to Molly Brennan, Administrative Services Director, and her dynamic finance team for doing an incredible job of keeping all things finance and budget in order.

Respectfully submitted,

Lydia Romero

FUND LISTING

The City manages its revenue and expenditures through various funds. Between the City, Roadway Lighting District, and Sanitation District, the FY 2021-22 consolidated budget is comprised of 28 funds. Each fund identified in this budget is described below.

Governmental Funds

01- General Fund

The primary day-to-day operating fund for the City, which reflects all financial activity that is not required to be accounted for in another fund. Public safety, government administration, community services, street maintenance, environmental programs, and park maintenance are funded through the General Fund. The Fund Balance is an accounting term for the General Fund Reserve, the City's savings account. The reserves are intended for: use in times of emergency, one-time capital/equipment purchases, replacing equipment, grant matches, and to ensure funds are available for future financial obligations (such as pension contributions and accumulated leave time).

18- Sidewalk Reserve Fund

This fund was initially established to pool funds for larger sidewalk projects. In FY 2020-21 all remaining resources of this fund were expended on sidewalk projects.

32- Capital Equipment Fund

Initially this fund was established to track the purchase of a fire engine with grant funding in FY 2012-13. The remaining \$14,085 balance will be used in FY 2021-22 to kick start the capital investments in ADA improvements identified in the ADA Transition Plan that was completed in FY 2019-20.

Enterprise Funds

The Lemon Grove Sanitation District manages four Sanitation related enterprise funds.

15- Sanitation: Operating

The District relies on Fund 15 to collect revenue generated by Sanitation District rate payers and to pay the operational costs to operate the system.

16- Sanitation: Capital

The capital is used to set aside funds for equipment replacement, sewer rehabilitation projects, and rate stabilization.

17- Sanitation: Pure Water

The Pure Water Fund is used to save funds for the upcoming capital costs to construct the Pure Water recycling system in coordination with the City of San Diego and other neighboring communities.

19- Sanitation: Capacity

When there is a new tap-in to the sanitation system, the fee paid for the connection is maintained separately in this fund. This revenue may be used on projects that increase the capacity of the sewer system.

Special Revenue Funds

02- Gas Tax Fund

Revenues for this fund come from the State of California Gasoline Tax, including SB1 road maintenance and rehabilitation account (RMRA) monies. Fund proceeds may be used to research, plan, construct, improve, maintain, and operate local streets.

04- CARES Fund

In FY 2020-21 the City received a portion of Federal CARES Act Coronavirus Relief Funds from the County of San Diego and State of California. The funds could only be spent of the allowable uses identified by the U.S. Treasury Department in accordance with the CARSE Act legislation. All funds were received and spent by the end of FY 2020-21.

05- Parkland Dedication Ordinance Fund

The City Municipal Code requires that subdivision development set-aside park land that will eventually be developed as part of the municipal park system. The Code also allows the payment of a fee in-lieu of dedicating actual land. Proceeds in the fund may be used by the City for the purchase of park land, the development of new parks or the major rehabilitation of existing parks.

07- Supplemental Law Enforcement Fund

This fund, also known as the COPS fund, is supported by State grant proceeds. This fund is used to augment the staffing level of Sheriff Deputies. At one time, the grant amount paid for one deputy; today it pays for approximately half of one deputy position.

08- Grant Fund

This fund provides for management of grants currently being administered by the City. It functions as an "in-and-out" fund to ensure grant proceeds and expenditures are not mingled with the General Fund or other fund proceeds.

09- Community Development Block Grant Fund

This fund manages grant proceeds from the Community Development Block Grant program. Funds are expended and then reimbursed by the County of San Diego.

10- Transit Development Act Fund

Transit proceeds are allocated from the San Diego Metropolitan Transit Service (MTS) for maintenance of landscaping along the trolley corridor and maintenance of trolley stations and bus shelters throughout the City. Annually, the City is reimbursed for the prior year's expenditures.

14- TransNet Fund

This fund manages proceeds distributed by SANDAG for local street and road improvements funded through the transactions and use tax approved by San Diego County voters in 2004 for regional transportation projects (the TransNet Extension Ordinance). This fund is specifically used to finance significant right-of-way improvements (streets and sidewalks), storm drain, and traffic related projects.

21- Integrated Waste Reduction Fund

The City relies on this fund to manage its recycling and household hazardous waste disposal program as part of compliance with Assembly Bill 939 Integrated Waste Management Act of 1989. The City relies on

this fund for contractual services to provide household hazardous waste events, promote a higher level of recycling within the City, and prepare annual program reports as required by AB939.

23- Serious Traffic Offender Program Fund

This fund receives a portion of impound fees collected within the City. The City uses this fund to pay for Sheriff traffic division overtime and other traffic related expenses.

24- Federal Blvd In Lieu Fund

Rather than build out public improvements required by the redevelopment of 6470 Federal Blvd, the business at that location entered into an agreement with the City to provide money to the City in lieu of completing the public improvements themselves. The City can only spend the money on the specific public improvements listed in the agreement, such as undergrounding, sidewalks, and weed abatement, and may only spend the funds on those types of projects in the vicinity of 6470 Federal Blvd.

26- Storm Water Program Fund

The Storm Water Program Fund was established in FY 2005-06 to collect designated storm water program fees and support the City's storm water program, a State and Federal mandated program. The program fees have never fully paid for the program since its inception, so the revenue is subsidized by the General Fund. New state mandates have increased fund expenditures over the past few years.

27- Regional Transportation Congestion Improvement Program

This fund manages fees related to the passage of the TransNet Extension Ordinance. The fees, which are set annually by SANDAG, represent per housing unit fees for new residential development. Revenue collected must be used on major arterial street improvement projects.

30- Public Education and Government Fund

This fund collects designated monies from cable franchisees that operate within the City. The use of these monies is restricted to capital items that enhance or facilitate public access to government information.

Special Assessment District Funds

11 & 12- Roadway Lighting District

The Lemon Grove Roadway Lighting District manages two funds for two separate activities. Fund 11, the General Benefit Fund, provides funding for street light benefits throughout the community. Fund 12, the Local Benefit Assessment Fund, provides for enhanced lighting benefits at the mid-block.

22- Wildflower Assessment District Fund

This fund manages the Wildflower Landscaping Maintenance Assessment District. The fund tracks assessment revenue and expenditures related to landscape common areas within the Wildflower Assessment District.

33- Main Street Promenade Community Facilities District Fund

During FY 2013-14, the voters within the Main Street Promenade Community Facilities District voted to create an assessment to fund ongoing maintenance and capital improvements to the Main Street Promenade Park.

Internal Service Funds

25- Self-Insured Workers Compensation Reserve Fund

In FY 2003-04, the City began to fund its own workers' compensation program in order to have better control over the drastic increases in workers' compensation insurance premiums. This fund covers the first \$150,000 of each claim and then the excess insurance policy kicks-in.

29- Self-Insured Liability Reserve Fund

In FY 2011-12, the City established the Self-Insured Liability Reserve Fund to fund general liability claims. This fund pays for the first \$100,000 of costs related to each claim and then the City's insurance kicks-in. In FY 2020-21, the City moved from an excess insurance policy to a primary general liability policy with first dollar coverage. This fund will continue to operate while there are open claims that occurred prior to 7/1/2020 and will be phased out over the next few years.

Successor Agency Funds

60 & 64- Successor Agency Funds

This fund receives reimbursements for enforceable obligations approved by the California Department of Finance and makes payments for said obligations, namely debt service payments on bonds issued by the prior Lemon Grove Community Development Agency.

CAPITAL IMPROVEMENT PLAN

FY 2021-22 BUDGET

Five-Year Capital Improvement Program

Introduction

The Capital Improvement Program (CIP) identifies the City's five-year plan for the design and construction of multiple capital projects. This is both a fiscal and strategic planning tool that outlines, prioritizes, and monitors all the planned projects that are funded and not funded over a "rolling" five-year term. The document quantifies and defines costs, funding sources, departmental responsibilities, project phases and timing. Each year the CIP will be reviewed and updated as part of the citywide financial planning and City Council goal-setting process. At the same time, it sets a vision for long-term planning and expectations. It is also extremely valuable as a community outreach and communications tool as it clearly shows the major tax dollar investments that are planned and constructed through citywide infrastructure improvements.

The CIP includes five years of projected capital needs, the first year of which will be budgeted in the annual budget. Dollars in the first year of the five-year CIP will be authorized for spending in the project planning, bidding and award process. The remaining four years of the CIP serve as a proposed financial plan subject to annual review by the City Council.

Through the five-year program, there are two types of projects that will be highlighted. First, major rehabilitation projects includes significant maintenance and/or updates to existing infrastructure and/or facilities that provide essential public services and maintain health and safety. Examples of these projects include roadway rehabilitation, roof replacement, HVAC system upgrades and the removal and replacement of storm drainpipes. Second, new public improvements includes projects that expand existing infrastructure and/or facilities, or construct new facilities, to address present and future needs of the community. Examples include a new skate park, multi-purpose athletic field, or gateway entrance with citywide wayfinding signage.

How this Document is Organized

The CIP is broken down into three major sections. Revenue Summary, Five-Year Project Overview, and Individual Project Details.

- 1. <u>Revenue Summary</u>: Highlights funding sources that are allocated to the CIP. This is a mixture of restricted and unrestricted funds to plan, design or construct each project.
- 2. <u>Five-Year CIP Summary and Project Overview</u>: Describes projects from a variety of informational perspectives. Projects are presented by year, category, and funding source(s).
- 3. <u>Individual Project Details</u>: Specific detail about each project identified in the Five-year Project Overview that includes the project type, project category, targeted completion date, responsible department, initial funding year, project status, total project cost and funding source.

Guide to the Five-Year CIP

The CIP is an invaluable component of the City's effort to provide a safe, healthy and attractive community. The goal of this document and process is to consistently document, plan and implement projects that meet or strive to satisfy the goals and objectives established by the City Council each fiscal year.

It further outlines long-term priorities that the City Council identifies which assist staff in seeking and applying for non-general funds (e.g. grants) allowing the City to plan, design or construction those long-term projects. While the document is titled, "Five-Year CIP" it is important to note that this process is not a stagnant five years but it is a rolling five years that will be updated each year based on the goals established by the City Council to meet the needs of the community at the time.

Lastly, this CIP is different from previous versions because it captured all projects whether each has a funding source or not. This step was taken because this tool will track all projects that the City Council identifies as a priority, whether or not it has funds programmed.

Five-Year Capital Improvement Program

Revenue Summary

CIP projects rely on multiple funding sources to design and construct each project, each year. The first year funding plan for the CIP is relatively secured and pending any unforeseen challenges will be completed as shown. Yet, when looking forward to years 2-5 the consistence and stability of any CIP funding source becomes challenging for a number of reasons. First, the funds may be grant related and only serve a specific purpose in a certain amount of time. Second, the funds may emanate from the State or Federal Government. Changes at those levels in funding amounts or the outright cancellation of funds will have a trickle-down effect on future projects the City programs.

It is in this light of uncertain funding sources that the projects are still important enough to be listed and identified as a project/opportunity should a funding source come available. In these instances, the unfunded projects will be included in the CIP; however, no funding sources will be identified.

When looking at multiple funding sources for the CIP, staff relied on the Fund Listing that is embedded in the budget document, of which, is also listed below.

Governmental Funds

01 - General Fund

This is the primary day-to-day operating fund for the City, which reflects all financial activity that is not required to be accounted for in another fund. A majority of revenue from this fund comes from property and sales tax. Public safety, government administration, community services, street maintenance, environmental programs, and park maintenance are funded through the General Fund. The Fund Balance is an accounting term for the General Fund Reserve, the City's savings account. The reserves are intended for: use in times of emergency, one-time capital/equipment purchases, replacing equipment, grant matches, and to ensure funds are available for future financial obligations (such as pension contributions and accumulated leave time).

Enterprise Funds

The Lemon Grove Sanitation District manages four sanitation related enterprise funds.

15 - Sanitation: Operating

The District relies on Fund 15 to collect revenue generated by Sanitation District ratepayers and to pay the operational costs of the system.

16 - Sanitation: Capital

The capital fund is used to set aside funds for equipment replacement, sewer rehabilitation projects, and rate stabilization.

Special Revenue Funds

02 - Gas Tax Fund

Revenues for this fund come from the State of California Gasoline Tax, including SB1 road maintenance and rehabilitation account (RMRA) monies. Fund proceeds may be used to research, plan, construct, improve, maintain, and operate local streets.

05 - Parkland Dedication Ordinance Fund

The City Municipal Code requires that subdivision development set-aside park land that will eventually be developed as part of the municipal park system. The Code also allows the payment of a fee in-lieu of dedicating actual land. Proceeds in the fund may be used by the City for the purchase of park land, the development of new parks or the major rehabilitation of existing parks.

08 - Grant Fund

This fund provides for management of grants currently being administered by the City. It functions as an "in-and-out" fund to ensure grant proceeds and expenditures are not mingled with the General Fund or other fund proceeds.

09 - Community Development Block Grant Fund

This fund is used for managing grant proceeds from the Community Development Block Grant program. Funds are expended and then reimbursed by the County of San Diego.

14 - TransNet Fund

This fund is used for managing proceeds distributed by SANDAG for local street and road improvements funded through the transactions and use tax approved by San Diego County voters in 2004 for regional transportation projects (the TransNet Extension Ordinance). This fund is specifically used to finance significant right-of-way improvements (streets and sidewalks), storm drain, and traffic related projects.

24 – Federal Boulevard Developer Impact Fee Fund

This fund collects developer fees that support capital improvements related to specific areas on Federal Boulevard to construct streets, curb and gutter, sidewalk, landscaping and drainage improvements.

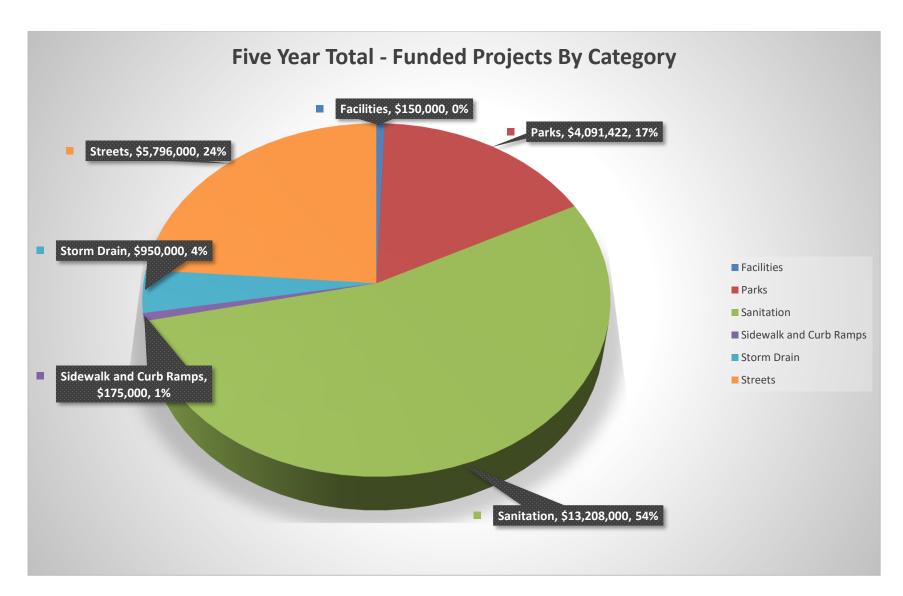

Five-Year Capital Improvement Program

Five- Year Capital Improvement Program

Individual Project Detail

This section provides individual project information about each funded and unfunded project identified in the five-year CIP. The information list within each project outlines a brief description, estimated funding needs, responsible department, and the year in which the work should occur.

Public Works Yard - East Wall Replacement Project

Project Code	Project Type	Project Category	Target Completion	Responsible Dept.
	Facilities	Improvement	Summer 2022	Public Works
Initial Funding Year	Projec	t Phase	Total Project Cost	RTIP Project Code
FY 2021-22	Not S	Started	\$60,000	

Project Description:

This project plans to demolish approximately 150 feet of old stucco block wall and replace it with a new wall and/or fence that will help to secure and minimize noise enimating from the Public Works Yard to nearby residential neighborhoods.

Budget & Expense Summary:	
Prior Approved Budget:	\$ -
Budget Appropriation Increase/(Decrease):	\$ 60,000
FY21-22 Budget:	\$ 60,000
Expended/Encumbered as of June 30, 2021	\$ -
Available Budget as of June 30, 2021	\$ 60,000

Annual Storm Drain Rehabilitation Projects

Project Code	Project Type	Project Category	Target Completion	Responsible Dept.
	Storm Drain	Improvement	Summer 2026	Public Works
Initial Funding Year	Projec	et Phase	Total Project Cost	RTIP Project Code
FY 2021-22	Pla	nned	\$950,000	

Project Description:

This project combines two types of storm drain projects: 1) Scheduled project (shown on the next page) that are estimated to equal less than \$100,000; and 2) unscheduled / emergency projects that are discovered in the field as emergency repair. Staff will systematically program each of the listed scheduled projects for the next year of work, while deconflicting other paving, sanitation and utility work that has been scheduled. For FY 2021-22, two pipes on San Altos and one on Ensenada are scheduled for replacement and/or repair.

Budget: ~\$90,000 - \$100,000

Criteria:

- CMP with score of 4 to 5 moderate to severe condition
 Deficient with at least one end surcharging
 Part of an existing DMP project

Prioritization:

Start with the largest diameter pipe (closest downstream) to have greatest impact.

College Avenue Regional Storm Drain Project

Project Code	Project Type	Project Category	Target Completion	Responsible Dept.
	Storm Drain	Improvement		Public Works
Initial Funding Year	Projec	t Phase	Total Project Cost	RTIP Project Code
	Not	started	\$350,000	

Project Description:

This project creates a single regional storm drain capture system that will collect a surface runoff from priority land uses as well as trash and debris preventing it from traveling into the City's waterway. This device will help to offset the number of curb inlet devices that have to be installed according to Track 1 compliance option of the Trash Amendment.

Complete Streets

Project Code	Project Type	Project Category	Target Completion	Responsible Dept.
	Street	Improvement		Public Works
Initial Funding Year	Projec	et Phase	Total Project Cost	RTIP Project Code
	Not Started		Unknown	

Project Description:

Perform a citywide assessment of street segments to design/construct a Complete Streets model. Each project location should promote safe and convenient access to roadways for users of all transportation modes including walking, biking, driving motor vehicle, and riding public transportation. The process shifts from planning and designing streets with motor vehicles as the dominant mode to acknowledging the mobility needs of all road users by all modes.

	Sanitation	Maintenance	Summer 2026	Public Works	
Initial Funding Year	Projec	t Phase	Total Project Cost	RTIP Project Code	
FY 2020-21	De	sign	\$250,000		

Project Description:

This project maintains the District's sewer main lines by using a root foam that eliminates roots that have infiltrated the City's sewer main lines through out the City limits. This is an annual maintenance activity preserves the life of the sewer lines as well as limits the amount of root cleaning that District staff have to perform.

Sanitary Sewer Video Inspection Program

Project Code	Project Type	Project Category	Target Completion	Responsible Dept.
	Sanitation	Improvement		Public Works
Initial Funding Year	Projec	et Phase	Total Project Cost	RTIP Project Code
FY 2021-22	Pla	nning	\$350,000	

Project Description:

This project was created to contract out the video inspection and grading of the District's sewer main line system. Planned to occur in two phases, these projects will provide the District with 100% video footage of all main lines in the District which is something that it does not currently have. This will be used to compare future video footage against as the District continues to video with in house personnel.
