

**CITY OF LEMON GROVE
COUNCILMEMBER CANDIDATE**

SITIVI I. "STEVE" FAIAI

OCCUPATION: RETAIL MANAGER / COACH

A Coach at Helix High School, proud father and husband, I believe that supporting working families through strong leadership is critical for a community that is seeking to improve and repair itself after years of neglect.

People's safety needs to be a top priority and I will support all efforts to ensure residents have a cleaner City in which they feel comfortable living. This means pushing for better roads and providing residents with more timely access to reasonable solutions to everyday community issues like traffic concerns and road maintenance.

There is a homeless crisis taking over the City which requires a leadership team that creates effective solutions with proper planning and community input instead of temporary fixes.

Improving our community takes acknowledging that the youth of today are the leaders of tomorrow which is why I will advocate to reopen the Lemon Grove Recreation Center to engage youth in sporting activities that build character, and foster leadership skills.

Lemon Grove- I'll listen to you, be a leader you can depend on and together we can build the community we deserve!

This election Vote Sitivi "Steve" Faiai for City Council. Call/text (619) 592-5988
